Message from the CEO (>

Dear Stakeholders,

I am delighted to connect with you through the pages of our magazine as we reflect on our recent achievements and look ahead to the challenges and opportunities that lie before us.

At CARA, our commitment to prioritizing child welfare remains steadfast and unwavering. This has been marked by significant strides in our efforts to protect and empower the children residing in the childcare homes panning across the length and breadth of India. Through our collective dedication, we have reached the target of achieving pre-COVID adoption numbers by legally connecting 4000+ children with their families in FY 2023-24. As per the directions of the hon'ble Supreme Court, CARA has set up an identification cell to accelerate the identification process of children under the 5 categories, as defined in the JJ Act. The identification cell comprises a group dedicated to facilitating outreach, data cleaning and legal support to the stakeholders to ensure systematic restoration, adoption or institutionalization of any child placed in a childcare home in India.

Our commitment to a child's emotional well-being remains a cornerstone of our work. The Model Foster Care guidelines were issued on 26th April to promote the deinstitutionalization of a child residing in institutions and place them in familial environments. I urge all the state bodies to coordinate with us proactively to place the children in families.

Additionally, this International Day of Yoga, CARA team conducted Yoga Workshops for the children in nearby CCIs. I am also pleased to see healthy participation from states and districts in conducting Yoga sessions for the children and caretakers. This campaign helped us demonstrate to our children that by assigning priority to our welness, we can increase our capabilities to enrich ourselves with useful life skills.

By building happy families, we are creating nurturing environments where children can thrive. As we look to the future, we must be keenly aware of the challenges that lie ahead. The ongoing global situation has underscored the importance of our work, and we remain steadfast in our resolve to adapt and innovate in response to evolving needs.

I extend my heartfelt thanks to all stakeholders of CARA for their unwavering commitment to our mission. Together, we are making a difference—one child at a time.

Ms.Tripti Gurha CEO, CARA

Special Events & Activities:

EVENTS & ACTIVITIES SHOWCASE

When the biological father passed Exceptional Story away, the biological mother and stepfather expressed their desire to adopt the child. This was an instance of step adoption. In a heart-warming of quick action story and determination, CARA could bring remarkable difference in the lives of the child and his family. It was a significant and timely move as the adoption order was granted by District Magistrate of Kaithal, Haryana, on the same day when CARA issued the pre-approval letter. The child completed eighteen the vey next day.
